All Are Welcome!

Reconsider or Die

Now we come to another kind of problem: the intellectually self-sufficient man or woman. To these, many AA's can say, 'Yes, we were like you - far too smart for our own good... We used our education to blow ourselves up into prideful balloons, ... we felt we could float above the rest of the folks on our brainpower alone. Scientific progress told us there was nothing man couldn't do. Knowledge was all-powerful. Intellect conquered nature. Since we were brighter than most folks (so we thought), the spoils would be ours for the thinking. The god of intellect displaced the God of our fathers. But again John Barleycorn had other ideas. We who had won so handsomely in a walk turned into all-time losers. We saw that we had to reconsider or die.'...

Few indeed are the practicing alcoholics who have any idea how irrational they are... Therefore Step 2 is the rallying point for all of us. Whether agnostic, atheist, or former believer....
