All Are Welcome!

An Unshakeable Foundation

To certain newcomers and to those one-time agnostics who still cling to the A. A. group as their higher power, claims for the power of prayer, may, despite all the logic and experience in proof of it, still be unconvincing or quite objectionable. Those of us who once felt that way can certainly understand and sympathize. We well remember how something deep inside us kept rebelling against the idea of bowing before any God...certainly there wasn't any

evidence of a God who knew or cared about human beings.... Of course we finally did experiment, and when unexpected results followed, we felt different; in fact we *knew* different; and so we were sold on meditation and prayer. And that, we have found, can happen to anyone who tries. It has been well said that "almost the only scoffers at prayer are those who never tried it enough." Those of us who have come to make regular use of prayer would no more do without it than we would refuse air, food of sunshine....

There is a direct linkage among self-examination, meditation, and prayer. Taken separately, these practices can bring much relief and benefit. But when they are logically related and interwoven, the result is an unshakeable foundation for life.

November is the 11th Month!

Step 11 “Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of his will for us and the power to carry that out.”

Tradition 11 “Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of the press, radio and films.”

Concept 11 for World Service: “The Trustees should always have the best possible committees, corporate service directors, executives, staff and consultants, Composition, qualifications, induction procedures, and rights and duties will always be matters of serious concern.”
