All Are Welcome!

The First Tangible Evidence

Step Four is our vigorous and painstaking effort to discover what these liabilities in each of us have been, and are.

We want to find exactly how, when and where our natural desires have warped us. We wish to look squarely at the unhappiness this has caused others and ourselves. By discovering what our emotional deformities are, we can move toward their correction. Without a willing and persistent effort to do this, there can be little sobriety or contentment for us.

Without a searching and fearless inventory, most of us have found that the faith that really works in daily living is still out of reach.....

Therefore, thoroughness ought to be the watchword when taking inventory. In this connection, it is wise to write out our questions and answers. It will be an aid to clear thinking and honest appraisal. It will be the first *tangible* evidence of our complete willingness to move forward.
